Great Phonics Readers!

Fantastic Programs!

Excellent Professional Resources!

Science of Reading

The Science of Reading is a vast interdisciplinary body of scientifically based research from around the world. We now have a body of evidence that helps to inform how proficient reading and writing develop. The information that forms the science of reading has helped to create the skills needed to develop a reading brain.

We support the science of reading and aim to provide resources that enhance its use amongst educators and readers. From comprehensive systems from Benchmark Phonics to supportive decodable readers this catalogue features resources that can help readers excel in their quest for proficient reading at any age. If you need more information on these resources or if you would like to inquire about professional development on phonics and the science of reading we are here to help!

UFLI Foundations Manual

Foundations is an explicit and systematic phonics program that introduces students to the foundational reading skills necessary for proficient reading. Foundations follows a carefully developed scope and sequence designed to ensure that students systematically acquire each skill needed and learn to apply each skill with automaticity and confidence. Foundations is designed to be used for core instruction in the primary grades or for intervention with struggling students in any grade.

Transport Beginning Readers to a World of Fluency and Comprehension

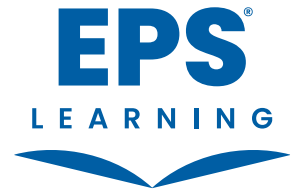

Science of reading-based decodable readers align to the scope & sequence of three popular phonics programs—Foundations, Really Great Reading, and Bridge to Reading by Heggerty—also work with any phonics or early literacy program, and independently.

- Promote language and vocabulary development.
- Build phonics skills.
- Align closely to the scope & sequence of three widely used phonics programs: Foundations, Really Great Reading, and Bridge to Reading by Heggerty.
- Supplement any phonics or early literacy program and can also be used independently.
- Address all 5 pillars of reading: Phonemic Awareness, Phonics, Fluency, Vocabulary, and Comprehension.

Tier 2 and 3 Intervention Program

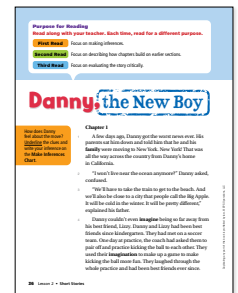

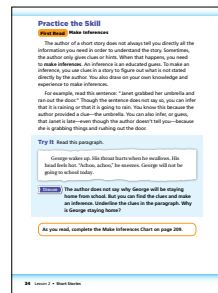

Take Your Students to the Next Level of Reading Comprehension

SPIRE Next™ presents a real solution for striving students who need additional focus developing their comprehension skills through direct reading instruction, scaffolded practice, and close reading strategies.

SPIRE Next Student Edition:

- Multiple lessons in each book include at least 2 stories per close reading lesson and at least 2 skills per story.
- Each lesson presents three close read opportunities to build comprehension skills; literary or genre skills; and critical thinking skills.
- The color-coded navigation makes it easy to teach and practice critical reading skills.

SPIRE Next Teacher's Manual:

- In-depth instruction and modeling of skills and strategies that support close reading.
- Optional fluency and foundational skills activities.
- Rubrics at point of use.
- Explanations of the objective and skills the student will learn in each close read.

Tier 2 Grades 4-9 Intervention Program

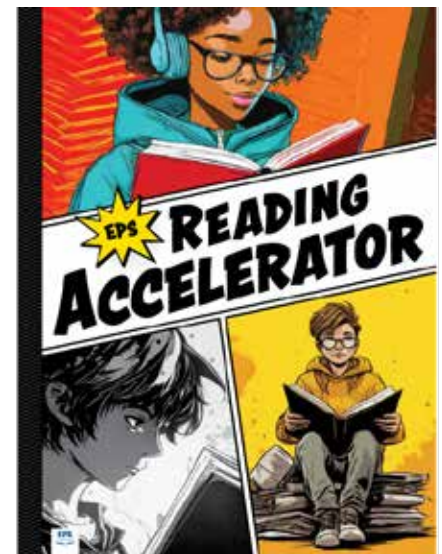

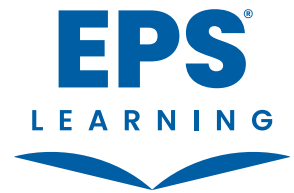

Reading Accelerator

Accelerate Middle School Students' Journey Toward Reading Proficiency

EPS Reading Accelerator is an evidence-based reading intervention program for striving middle school students, grounded in the science of reading, designed to help students master foundational reading skills in whole-class and Tier 2 intervention group settings.

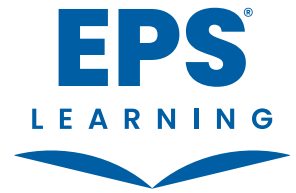

Simple, Sustainable, and Speedy

- Can be completed in one school year or less with just three 20-minute lessons per week.
- Structured literacy ensures an evidence-based and highly effective program for middle school students in whole-class or small-group settings.
- Dynamic graphics and compelling, multicultural, age-appropriate content keep middle school students engaged.
- Online access to teacher materials offers flexibility for different instructional models
- One-day training enables educators to effectively teach, facilitating program scalability.

- Phonemes organized by level and colour band
- Teaching tips, phonics exercises
- Comprehension questions
- Downloadable teacher resources

For a complete list of Decodables by Jump!, and the full scope and sequence visit: www.saundersbook.ca/downloads

A comprehensive and sequenced approach to phonetically decodable reading.

Decodables by Jump! begins with the very basics of phonetically decodable reading. Starting with the earliest step of CVC (consonant, vowel, consonant) words and building on this combination slowly, the reader follows a prescribed format supported by the science of reading to encourage reading development. This systematic and sequential approach supports most phonics programs.

Organized by level and color bands, providing a consistent and structured approach that helps guide and support reading instruction. As the reader moves through the color band levels, the level of repetition and sentence structure complexity advance at a rate that encourages development and reading confidence.

Tier 1 Decodables

Entertaining and engaging informational topics and fictional storylines are at the core of this comprehensive series aligned with the Science of Reading.

Red Rocket Readers offer a carefully controlled sequence of challenges throughout the levels to ensure your students progress with confidence and enthusiasm.

Red Rocket Readers feature colourful, entertaining illustrations that support the text, launch oral discussion and develop student comprehension. The classic story structure (tension, climax and resolution) ensures children will want to engage with the texts.

- enable students to read for enjoyment and information as they access meaning from text.
- feature meaningful concepts and experiences that children can relate to.
- develop word recognition along with language development.
- focus on increasing knowledge of print conventions, phonological patterns and phonic knowledge in context.
- develop and ensure the success of reading strategies.

The Early Reader Pack

The Active Reader's Early Reader Pack is the essential first step towards reading. It lays the foundation for children, preparing them to pick up decodable books and beyond with confidence and skill. It is designed to help young children develop foundational reading skills through engaging and interactive methods grounded in Structured Literacy and The Science of Reading.

Features:

- A box set of 30 alphabet cards including ch, th, sh and wh.
- Flashcards emphasize phonics and phonemic awareness skill development to help children understand the relationship between letters and sounds, enabling them to decode new words.
- Hundreds of simple multi-sensory activity ideas that make learning to read in the classroom both interactive and fun.
- Effective and proven techniques that are based in science.
- Tactile letters on the front of the cards support multi-sensory learning and proper letter formation.

GRADE: PK-3

Benefits:

- Improves Reading Skills : Helps children develop foundational reading skills, including phonological/ phonemic awareness skills and vocabulary building.
- Encourages a Love of Reading : Engaging content and activities designed to make learning and teaching the foundations of reading fun.
- Simple and Effective: With just 10 minutes a day, you can drastically improve the foundational reading skills of your students.
- Usability and Engagement: Versatile for use in whole-class settings, small groups, or one-on-one sessions, this resource actively engages learners in mastering letter sounds, decoding, and encoding.

Phonics Fun!

Reading doesn't always come easily. Luckily, there's Phonics Fun! This series will help children learn the relationships between the letters of written language and the individual sounds of spoken language. Each book tells a simple, entertaining story that highlights a letter and the letter's sound. Controlled vocabulary, engaging decodable text, and vibrant photographs help young readers learn individual letter sounds and begin a lifelong love of reading!

Phonics Fun Decodables

Decodable text has never been more accessible! Interesting storylines, charming art, and phonics lessons based on the Science of Reading help developing readers grow their skills. Level 1 introduces consonants, short vowels, and long vowels.

Explore exciting stories, rich illustrations, and engaging characters, all while building phonics skills. With a focus on vowel teams and consonant blends. Level 2 helps young readers build skill and confidence in reading.

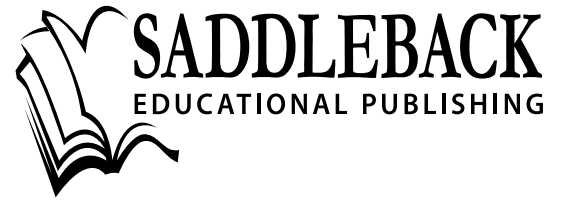

Find the joy of reading while building phonics skills through engaging stories and original illustrations. In Level 3, readers will strengthen old skills and learn new phonics, with a focus on longer stories, affixes, inflectional endings, and silent letters.
